

Stupefied & crazy  
Lonely as a ghost  
Condemned, handcuffed & blindfolded  
They tied me to a post  
They gave me one last cigarette  
Put a target on my chest  
The captain gave the order  
You can guess the rest...

Captured trying to navigate  
The city sewers  
I met a lot of creatures  
But no-one like you  
Flashing on you baby  
Thought the lights were green  
Went crashing thru a red  
Into a head-on scene...

Hit void! (6x)

Joined the demonstration  
One million on the streets  
Singing songs and waving banners  
Rioting for peace  
Dreams of civil insurrection  
Sold like junk from Indo-China  
Disappeared when everyone went home  
To watch the Champions League  
Cup Final

You can't buy a revolution like a new TV  
Read your Marx and Engels  
Get a strategy  
Be a situationist  
Like Guy Debord  
Explode yourself in protest  
in the house of Lords
