

## Medication

### Primal Scream

I get sick of living in the city  
Everyone's a liar and a thief  
If the cancer don't the taxman's gonna get you  
If the women don't the doctors let you bleed  
I don't wanna hang around with you, don't wanna see you burn  
I don't wanna see you turn blue, I wanna see the sun

Gimme, gimme, gimme medication  
Gimme medication to cure this hole  
Gimme, gimme, gimme medication  
Gimme medication to cure this, cure this hole

Everyone's stepping on each other  
Shooting, snorting, smoking all they can  
I wish that blood was thicker than water  
'Cause drinking dirty water kills a man  
I don't wanna hang around with you, don't wanna see you burn  
I don't wanna see you turn blue, I wanna see the sun

Gimme, gimme, gimme medication  
Gimme medication to cure this hole
