

Shine Like Stars

Primal Scream

I watch you sleep, you look so peaceful
You look so vulnerable, I feel scared for you
To me you're precious, may you always
Shine like stars, shine like stars, shine like stars

I watch you dance, you look so happy
Lost in the moment of abandon, you're set free
To me you're precious, may you always
Shine like stars, shine like stars, shine like stars

Shine like stars, shine like stars
Shine like stars, shine like stars, shine like stars
