

## Shine Like Stars

Primal Scream

I watch you sleep, you look so peaceful  
You look so vulnerable, I feel scared for you  
To me you're precious, may you always  
Shine like stars, shine like stars, shine like stars

I watch you dance, you look so happy  
Lost in the moment of abandon, you're set free  
To me you're precious, may you always  
Shine like stars, shine like stars, shine like stars

Shine like stars, shine like stars  
Shine like stars, shine like stars, shine like stars
