

So Sad About Us

Primal Scream

So sad about us
So sad about us
Sad I never let the music stop now
Sad
Sad about us

So bad (sad?) about us (2x)

Bad (Sad?) I never meant to break up
Bad (Sad?) I suppose we'll never make up
So sad about us

No (your?) apologies mean nothing
When the damage is done
But you can't switch off my lover (lever?)
Like you can a song

So sad about us
