

Suicide Bomb

Primal Scream

Feels like can go insane,
Broken bleed pumping through my vein
Everything I do is wrong,
I'm going up like a suicide bomb

Pure girl, silver light,
Black hair, dress uptight
If risk could kill
Is murder one,
I'm going up like a suicide bomb

I see the beauty, I see the beauty
I see the beauty in everything
I see the beauty, I see the beauty
I see the beauty in everything

Devil dark, devil drops,
A frame night got me scores
Can be right or must be wrong,
I'm going up like a suicide bomb

I see the beauty, I see the beauty
I see the beauty in everything
I see the beauty, I see the beauty
I see the beauty in everything,
Come on!

Pure girl, silver light,
Black hair, dress uptight
If risk could kill
Is murder one,
I'm going up like a suicide bomb

I see the beauty, I see the beauty
I see the beauty in everything (4x)
Come on!
