Sweet Pretty Thing

Primal Scream

Pretty thing, sweet as rain on a hot summer day I want you Pretty thing, I don't pray but to you I will pray I want you Let's take a walk together It's quiet down by the river Come on now, come on now

Pretty pretty give yourself to me Pretty pretty give yourself to me Pretty pretty give yourself to me Come on

Pretty thing, you're so young I see you blowing bubble gum and I want you Pretty thing, when you smile I say hey little child I want you Give me your vows come with me Open your mouth and kiss me Come on now, come on now

Pretty pretty give yourself to me Pretty pretty give yourself to me Pretty pretty give yourself to me Come on

Come on, come on, come on, come on Come on, come on, come on
