

Turn Each Other Inside Out

Primal Scream

Blood of the mystery, blood of the history
Return of the blood cops
Enough of that hidden from sun
Spotting I'm not poison in the hair
Doing apart, doing at the dark
push you to part
Blood of the mystery, blood of the history
Spotting of not poison in the hair

You do, do that you do, you do, do that you do
You do, do that you do, you do, do that you do

Doing apart, doing at the dark
push you to part
Blood of the mystery, blood of the history
Spotting of not poison in the hair

You do, do that you do, you do, do that you do
You do, do that you do, you do, do that you do

Turn each other inside out, turn each other inside out
Turn each other inside out, turn each other inside out
Turn each other inside out, turn each other inside out
Turn each other inside out, turn each other inside out

Doing apart, doing at the dark
push you to part
Blood of the mystery, blood of the history
Spotting of not poison in the hair

Turn each other inside out, turn each other inside out
(You do, do that you do, you do, do that you do)
Turn each other inside out, turn each other inside out
(You do, do that you do, you do, do that you do)
Turn each other inside out, turn each other inside out
(You do, do that you do, you do, do that you do)
