

Bring Me Down

Prime Circle

See the change in the morning
With the start of the light
See what was going and a coming in
The dark of the night
Wasn't paying attention
Might cost much more
Might not ever get the chance to afford
I get so scared, so unprepared
For the constant changing
Oh what to do
Just push right through
Let's stop pretending

It brings me up
But it move me up
Can't go second guessing half this stuff
It brings me down but it moves me up
Excuse me while I walk and
Talk stupid around the room

Never know never can tell
Always see a constant distraction
Gets you through Oh everyday now
Your always acting the same way
Can't you just even listen
I's coming up again

It brings me up
But it move me up
Can't go second guessing half this stuff
It brings me down but it moves me up
Excuse me while I walk and
Talk stupid around the room

I'm sorry I can't stay, I'm going away
