

Drive It

Primer 55

Close my eyes and see myself bleeding
Dead inside i'm sick i can't breath
Try to hide the hate that is feeding
Do you like the sound of my cracking teeth?

Drive it
Take it away (take it)
Driving me crazy

Everything i know is deseving
Nothing left for me to believe
Try to keep the faith that keeps leaving
Like everything you've taken from me

Drive it
Take it away (take it)
Driving me crazy

This time is misdameaning
(and i don't need it)

Drive it
Take it away (take it)
Driving me crazy
