

I can't stand this hate inside of me
Can't get a grip, get a grip on reality
When this ain't the pain I'm used to
Just can't run away like I used to
I wake up with some gaps in my memory
Open my eyes but there's blood all over me
It's just a dream, I just don't wanna stay
I look around but it just won't go away

See the pieces, severed bloody pieces
A lunatic with a psychopath soul
See the pieces, severed bloody pieces
And motherfucker I'm takin' control

Another look in the mind of a lunatic
And I admit it's enough to make a dog sick
I turn around and the pigs start shakin'
Load that fucker up blast and turn to bacon
I can't help it, I just don't understand
What in my mind makes me wanna kill another man?
It's just a dream, I just don't wanna stay
I can't see the light of another day

See the pieces, severed bloody pieces
A lunatic with a psychopath soul
See the pieces, severed bloody pieces
And motherfucker I'm takin' control

I'm not innocent, no I'm not innocent
I'm not innocent, no I'm not innocent
I'm not innocent, no I'm not innocent
I'm not innocent, no I'm just crazy

See the pieces, severed bloody pieces
A lunatic with a psychopath soul
See the pieces, severed bloody pieces
And motherfucker I'm takin' control

I can't stand this hate inside of me
Can't get a grip, get a grip on reality
When this ain't the pain I'm used to
Just can't run away like I used to
I wake up with some gaps in my memory
Open my eyes but there's blood all over me
It's just a dream, I just don't wanna stay
I look around but it just won't go away

See the pieces, severed bloody pieces
A lunatic with a psychopath soul
See the pieces, severed bloody pieces
And motherfucker I'm takin' control

I'm not innocent, no I'm not innocent
I'm not innocent, no I'm not innocent
I'm not innocent, no I'm not innocent
I'm not innocent, no I'm just crazy

See the pieces, severed bloody pieces
A lunatic with a psychopath soul
See the pieces, severed bloody pieces
And motherfucker I'm takin' control
