Jellikit
I just want to satisfy you
I would like to rectify you
Pay no attention to what you've heard
This mediocrity is so absurd. But
I won't listen to erratic advice
Don't make me ask you nice
I just want to satisfy you
I would like to contemplate you
Perhaps sometime we'll irritate you

I won't listen to sparratic advice
Don't make me ask you twice
I just want to satisfy you
Jellikit (3x)
I just want to satisfy you
Jellikit
I just want to satisfy you
Jellikit (6x)
