Bang-da-Bang-Bang-Bang Bang

She feeds her face with cheddar balls
As my brain cells start to pop
She licks her fingers, stares away
Her IQ slowly drops
I pry my eyes as best I can
From that big electric stain
She feeds her face with cheddar balls
And crams more nonsense in her brain

Bang-da-Bang-Bang-Bang Bang

Just when I thought I'd seen it all
They pull a cretin from the shelves
And flash that filth under their nails
To make us feel better about ourselves
As they ooze across the screen
Like a pustule gutter troll ...
We fill our coffers full of gold
And praise the seal of a Asshole

Bang-da-Bang-Bang-Bang Bang

Moron TV

There's got to be more on TV
There's got to be more on TV
Than just Moron TV

There's got to be more on TV
There's got to be more on TV

Moron TV

There's got to be more on TV
There's got to be more on TV
Than just Moron TV

Well that one's fit for a sex tape
Well that one's fit for a dad
Well that one had more babies
Than anyone's ever had
That one married a rock star
That made all little girls squeal
And that one want to be president
Cause she's got more eye appeal

Bang-da-Bang-Bang-Bang Bang

Moron TV

There's got to be more on TV
There's got to be more on TV
Than just Moron TV
