

## 3rd Eye

Prince

Using a special code he accessed his mind  
In search of the reason why  
In passion and fashion he began travelin' time  
3rd eye, 3rd eye, 3rd eye

The serpent approves  
Then appears between Adam's thighs  
And he tries 2 release upon Eve the nectar  
The injector tries  
He tries, he tries, he tries

So abduction complete  
All stand on their feet  
Look at one another and cry

What have we done?  
Could this be the fun  
On the dotted line 4 which I did sign?  
Oh yeah

I resign from the notion  
Cuz yours was the potion  
That I'm supposed 2 die 4  
I resign

In self-pity so dark  
This shitty and stark  
Realization is all that will soothe

Ultimately the only one  
That can save U is U  
Your God is inside and 4 that God U will do  
Whatever it takes  
If nothing else is true  
The only one that can save U is U, yeah
