

## Face Down

Prince

(Dead like Elvis) (sample repeated in song)  
Check, check, 1 2, check  
U know what he's sayin'?

Face down! (2x)

Somebody once told him that he wouldn't take Prince through the ringer  
Let him go down as a washed up singer  
Ain't that a bitch?  
Thinkin' all along that he wanted 2 be rich  
Never respected the root of all evil and he still don't 2 this day, huh  
Bury him face down, let the motherfuckers kiss a ass, OK?

Face down! (2x)

Told 'em he wanted 2 sing a song about a black child goin' buck wild  
And they just laughed in his face  
Talk 2 your lawyer but U got no case  
What U need 2 do is keep your place  
Next time U pull a card, it better be a ace motherfucker  
Or U can lay face down (Face down!)

Him and her meaning who I'm singin' about  
And his psychoanalyst kinda saw the catalyst  
As the devil with the blue jeans on, huh  
Ain't it kinda funny when U see the dawn?  
Sign the name they gave ya  
But when them motherfuckers turn around ass up, U're what?

Face down! 1 2

Face down! New Power Generation in the house, bury 'em all

Face down! Yes, oh Lord

It's in his will, I read it  
He shot 2 kill, he said it

Huh, fuck all y'all
