

Future Soul Song

Prince

I had a dream last night
That I was flying for the first time
And in the dream I could pilot my flight
With the thoughts in my mind

Since there wasn't any up or down
Everybody was all around
When we sang, we all sang together
Oh, what a beautiful sound

Ooh, ooh, sha la la la la
This is the future soul song
Ooh, ooh, sha la la la la
This is the future soul song

I had a dream last night
That I was singing and the sound of my voice
Seemed to come from every mountain top
Like it had no choice

And when my voice rose, so did the sun
When the trees sang the harmony as one
Every living soul sang the most beautiful
Melody ever sung

Ooh, ooh, sha la la la la
This is the future soul song
Ooh, ooh, sha la la la la
This is the future soul song

Before the war the only words and language said
Let there be light
Those that can see it are the ones who believe it
And put up no fight

And in the absence of fear and control
Is the sound of the surrendering soul
Louder than the dogmatic persecution
I sing it like you got that right

Ooh, ooh, sha la la la la
This is the future soul song
Ooh, ooh, sha la la la la
This is the future soul song

Ooh, ooh, sha la la la la
Ooh, ooh, sha la la la la
This is the future soul song
