

God

Prince

In the beginning, there was God
He made the earth and the heavens
He gave us light 2 rule the day
And another light 2 rule the night
The Lord, thy God
He made, He made the seas
He made the fruit upon the tree

When He saw
When He saw that it was good
He made a man
He made a man
Only He could, only He could

God made U
God made me 2
He made us all
He made us all equally

Now U say it

God made U, God made me
He made us all equally

Wake up children
Dance the Dance Electric
There isn't much time
Who screamed?
