

# Goodbye

Prince

Last night when I left U fast asleeping  
I should have contemplated suicide  
4 the smile upon your face that's well worth keeping  
By morning - smears 4 every tear U cry  
I could manage a week or 2 without those kisses  
It'd be hard, but something tells me I could try

4 that matter, whatever 2 make U reconsider  
Is there truth when U make love 2 a lie?  
Excuse me, but is this really goodbye?

Why'd I ever let U in this morning?  
Why'd I let U come inside my door?  
I should have known without that smile adorning  
Your face - a kiss was not what U came 4  
That's when your hand reached out 2 touch me gently  
At least that's how it happened in my mind

4 that matter, whatever 2 make U reconsider  
Is there truth when U make love 2 a lie?  
Excuse me, but is this really goodbye?

Can't begin 2 understand how I think about U (Everything)  
Everything I wanna do, I cannot do without U  
However wrong U want - I'll be  
Just please (please) don't leave (Don't leave)  
If it means this life without U, baby  
I swear I'll spend it on my knees  
Excuse me, but is this really goodbye?

Last night when I left U I was so sure  
We'd be 2gether 4ever and 4 days  
And now my shade of blue couldn't get no bluer  
I don't even know what I did 2 make U go away  
I could possibly stage a front and play the cool one (Cool one)  
Heart in my hand tryin' 2 hold back every cry

But who would applaud me when it's U, my one and only  
Who ever gave me a good reason not 2 die  
Excuse me, but is this really... (Goodbye)  
Excuse me, but is this really... (Goodbye)  
Excuse me, but is this really goodbye?  
(Goodbye)  
Goodbye, goodbye  
(Goodbye)
