

# Groovy Potential

Prince

We've got the groovy potential

Another long night  
Or another mystery  
Tell me babe, tell me  
What's it gonna be?

We've got the groovy potential  
Can't you hear the sound?  
You better get up, get up, get up  
So we can get down

We've got the groovy potential  
C'mon baby  
Let's keep it down

There's no time for sleeping  
Cause the night is so young  
It's time for you and me  
To have a little fun

Cause you and me we've got the groovy potential  
Can't you hear the sound?  
It's time to get up, get up, get up  
So we can get down

We've got the groovy potential  
(Groovy, groovy)  
(Groovy potential)  
(I like it when you dance for me)

(You've got the groovy potential)  
(I can't [?], but I'm going to talk about it)

You're bodies are moving  
I know by heart  
And it's hard to stop ya  
Once the moving starts

We've got the groovy potential  
I've learned my lines  
And I'm ready to play my part

C'mon, we've got the groovy potential

I was trying so hard now not to  
But I got to groovy potential

I can't take another long lonely night  
C'mon baby, c'mon baby  
Treat me right, treat me right  
We've got to groovy potential

(You want to get down?)
