

I Love U In Me

Prince

She took off her dress and I took a peek
While thunderstorm played hide `n` seek
I begged 4 a kiss, she gave me 7
Our lips touched and it feel like heaven

Everything I want is what she does 2 me
She don't blush cuz she`s so damn free
When she makin` love, it`s like surgery
And she say - "Ooh, I love U in me"

"I love..."

I promise myself not 2 come until she does
Then she took both hands and a liar I was
No man in this world could ever hope 2 last
When my baby downshifts and starts pumpin` fast

Everything I want is what she does 2 me
She don't blush cuz she`s so damn free
When she makin` love, it`s like surgery
And she say - "Ooh, I love U in me"

"I love U, I love U in me"

Our bodies sink in a pool of sweat
It`s the kinda love that U never forget (Yeah)
With U honey, I`m the richest in the world (So rich)
I don't need money cuz U`re my girl

Everything I want is what she does 2 me
She don't blush cuz she`s so damn free
When she makin` love, it`s like surgery
And she say - "Ooh, I love U in me"
(Surgery)

"I love U in me"

Everything I want is what U do 2 me
(Everything I want is what she does 2 me)
U don't blush cuz U`re so damn free
(She don't blush cuz she`s so damn free)
So free, yeah!
When U`re makin` love, it`s like surgery
And U say - "Ooh, I love U in me"
"I love U"
Yeah, yeah
