Your favorite band is comin' to your town
What was lost is now found

Tell serena first come first serve
What we mean is who got the nerve
Standing outside people singing in line
Nothing out the .. when you outta your mind

Sayin' fear the fro
You got your \$ so you go, go, go
Miss it for the world - only the insane
They're coming thru the snow
The sleet or the rain
Miss it for the world - only insane

Can't hear jack in the back of my plane
Turn the music up so the diss in vain
