We live in a world overrun by tourists

Tourists - 89 flowers on their back...inventors of the Accu-jack

They look at life through a pocket camera... What? No flash again?

They're all a bunch of double drags who teach their kids that Love is had

Half of the staff of their brain is on vacation Mama, are u listening?

We need a new breed - Leaders, Stand Up, Organize
Don't let your children watch television until they know how to read
Or else all they'll know how to do is cuss, fight and breed
No child is bad from the beginning... they only imitate their atmosph
ere

If they're in the company of tourists, alcohol and US history What's to be expected is 3 minus 3... absolutely nothing

Stand Up, Organize
We need a new breed...Leaders, Stand Up, Organize
I wanna be in the new breed, Stand up, Organize
Sexuality is all I'll ever need
Sexuality, I'm gonna let my body be free
Sexuality is all I'll ever need
Sexuality, I'm gonna let my body be free
Sexuality, I'm gonna let my body be free
Sexuality
