

# Something In The Water ( Does Not Compute )

Prince

Some people tell me I got great legs  
Can't figure out why U make me beg  
Does not compute (Does not compute)  
Don't not compute (Don't not compute)  
U think you're special, well so do I  
Why do special women make me cry?  
Does not compute (Does not compute)  
It don't not compute (Don't not compute)

Must be something in the water they drink  
It's been the same with every girl I've had  
Must be something in the water they drink  
'Cuz why else would a woman wanna treat a man so bad?

Some people think I'm kinda cute  
But that don't compute when it comes 2 Y-O-U  
It don't compute (Don't not compute)  
Somethin' mama don't compute (Don't not compute)  
What's the hangup? What's the scam?  
Guess U think I'm just another 1...1 of your fans  
It don't compute (Don't not compute)  
Somethin' honey don't compute (Don't not compute)

Must be something in the water they drink  
It's been the same with every girl I've had  
Must be something in the water U drink  
'Cuz why else would a woman wanna treat a man so bad?

I've got 2 get 2 U, baby  
Some people think I'm kinda smart  
Why must a fella stop with U before he starts?  
It don't compute, mama (Does not compute)  
Somethin' don't compute (Don't not compute)  
I'd buy U clothing, buy U fancy cars  
But U gotta talk 2 me, baby, tell me who U really r

Must be something in the water they drink  
It's been the same with every girl I've had  
Must be something in the water U drink  
Why else would a woman wanna treat a man so bad?

(Must be something in the water U drink)  
(Does not compute)  
(Don't not compute)  
(Don't not compute)  
(Must be something in the water U drink)  
Bitch - U think you're special? (Must be something in the water U drink)  
So do I  
(second coming) (Must be something in the water U drink)  
Why in God's name  
Do U wanna make me cry?  
Why? Why? (Must be something in the water U drink)  
I'd do anything 4 U, anything (Must be something in the water U drink)  
Why don't U talk 2 me? (Must be something in the water U drink)  
Tell me who u r (Must be something in the water U drink)  
Don't do this 2 me (Must be something in the water U drink)  
Please don't do this (Must be something in the water U drink)

Why? Why?

I do love U. I do.

Or else I wouldn't go through all the things I do
