

# Tangerine

Prince

Some days I feel tangerine  
Some days I feel blue  
Some days I just wanna black out  
Everything I felt for U  
Even though I take your picture  
Everywhere I go  
I use it for a coaster and drink the overflow

Some days I make a lot of money  
And give it all away  
2 take my mind off the tangerine colour  
Of your negligee  
Beggars can't be choosy  
If they don't know how 2 serve  
U got a different phone number  
...and a lot of nerve

Some days I feel tangerine  
Some days I miss U, 2
