

# The Arms Of Orion

Prince

Orion's arms are wide enough  
2 hold us both together  
Although we're worlds apart  
I'd cross the stars 4 U

In the heart of a sleepless moon  
I'll be with U 4 ever  
This is my destiny  
'Till my life is through

The arms of Orion that's where I wanna be  
Since U've been gone  
I've been searching 4 a lover  
In the Sea of Tranquility  
I'm drowning without U here, my dear

When I am lost and feeling alone  
I just look to heaven  
I find my comfort there  
God only knows where U are 2 night

God only knows where U are 2 night  
Maybe time will tell me  
Till then I'll close my eyes and say a prayer 4 U  
(I'll say a prayer 4 U 2)

The arms of Orion that's where I wanna be  
Since U've been gone  
I've been searching 4 a lover  
In the Sea of Tranquility  
I'm drowning without U here, my dear

Orion's heart is bright enough  
2 shine on both of us  
The constellations never fail  
2 light the way 4 love

Orion's arms are wide enough  
2 hold us both together  
Although we're worlds apart  
(I'd cross the stars 4 U)  
I'd cross the stars 4 U

The arms of Orion that's where I wanna be  
Since U've been gone  
I've been searching 4 a lover  
In the Sea of Tranquility  
I'm drowning without U here, my dear

The arms of Orion that's where I wanna be  
Since U've been gone I've been drowning (lost)  
In the sea of tranquility" (lonely)  
Drowning without U here my dear" (baby)

The arms of Orion  
That's where I wanna be  
That's where I wanna be (the arms of Orion)

That's where I wanna be (the arms of Orion)  
Since U've been gone, babe  
Since U've been gone  
I've been drowning", (drowning), drowning  
Drowning without your love
