

The Gold Standard

Prince

Shut Ur body down, make U walk around, let me feel all U bobbin' and Ur troubles gets...

Shut Ur body down, go walk around, go here

What we gon', what we gon'...

Shut Ur body down, make U walk around, let me feel all U bobbin' and Ur troubles gets...

U

Everybody get ready 2 move (Go, go, go, go...)

Oh yeah

Everybody, everybody

Come on

Listen

We know what y'all be thinkin', nude is the brand new yawn

Everybody's just drinkin', inhibitions just gone

U don't need 2 be rude, U don't need 2 be wild

Whatever U do, don't compromise and done with style

The gold standard, crazy amazing, upper echelon groove

The gold standard, crazy amazing, turn it up, let Ur body move

U

I'm talkin', talkin' 2 U

Got 2, got 2 let Ur body move

We know what y'all be feelin', there use 2 be a time

Music was like a spiritual healing, the body, the soul and mind (Some medicine)

U don't need 2 be rude, U don't need 2 be wild

If what U play take Ur troubles away and make somebody smile

The gold standard, crazy amazing, upper echelon groove

The gold standard, crazy amazing, turn it up, let Ur body move

U

I'm talkin', I'm talkin' 2 U

Oh yeah

Shut Ur body down, make U walk around, let me feel all U bobbin' and Ur troubles gets old

24 carrot hashtag, put Ur phone in Ur bag, ain't nobody got 2 tell U put Ur hands in the air, say "Ow!"

When the beat's 2 much, U need 2 drop that cup, one left and right, hands up, everybody just...

Everybody just...

Swing Ur hip 2 the left and right, if U know about the "Bus Stop," there's a tight hook

Now everybody just shake

Shake

New power slide

New power slide

Ha, ha, ha

Here come the chorus y'all

The gold standard, crazy amazing, upper echelon groove

The gold standard, crazy amazing, turn it up, let Ur body move

Turn it up, let me see that body move

Let me see Ur body move
Turn it up, let me see that body move
Let me see Ur body move
Turn it up, let me see that body move
Body, body move
Turn it up, let me see that body move
