When 2 R in Love

So fair she looked tonight, The brightest star appeals to your sex. Before we do anything, Let me just talk 2 U. When 2 R in love They whisper secrets Only they 2 can hear When 2 R in love When 2 R in love (love) Their stomachs will pound Every time the other comes near When 2 R in love When 2 R in love Falling leaves will appear 2 them Like slow motion rain (slow motion, slow motion) When 2 R in love The speed of their hips Can be faster than a runaway train Drop, drop, drop, drop, water, water, water Come bathe with me Let's drown each other in each others emotions Bathe with me Let's cover each other with perfume and lotion Bathe with me Let me touch your body 'til your river's an ocean Bathe with me Let's kiss with one synonymous notion That nothing's forbidden and nothing's taboo When the 2 R in love L.o.v.e. - l.o.v. - can U hear me? When 2 R in love Their bodies shiver at the mere contemplation Of penetration (let alone the act) Let alone the actual act When 2 R in love The thought of his tongue in the V of her love In his mind, this thought it leads the pack Come bathe with me Let's drown each other in each others emotions Bathe with me Let's cover each other with perfume and lotion Bathe with me Let me touch your body 'til your river's an ocean Bathe with me Let's kiss with one synonymous notion That nothing's forbidden and nothing's taboo When the 2 R in love (Love) in love - can U hear me?
