

# White Mansion

Prince

Big white mansion  
Top of the road  
Latest fashion  
Happy, don't U know?  
Here I am in New York, yeah  
See the girl bold and fair ("Yo, Anita!")  
What's in your backpack 2day?  
Will it take my blues away?  
That's OK, "U gotta run..."  
Huh, check it, I don't need U 2 have some fun  
Comin' from the land of snow  
I guess I'm kinda used 2 cold

But one day I'll have a big white mansion  
At the top of the road  
I'm gonna wear the latest fashion  
I'm gonna be happy, don't U know?

I could use a new guitar  
Sing a tune at Chazz' bar  
Maybe meet a debutante  
Be a toy, do what she want (Tell me what U wanna do?)  
9 o'clock, see John K.  
"But U don't rock, come another day" (When?)  
Come another day  
Spirit so low reachin' up 4 ground (Reachin' up 4 ground)  
One day I'm gonna make it in this lonely town

Then I'll live in a big white mansion  
At the top of the road  
I'm gonna wear the latest fashion  
Then I'll be happy, don't U know?

Hey there, what's your name? (What's your name, cutie?)  
And can U tell me how 2 play the game? ("I am a  
winner") (Listen 2 this)  
Do I really have 2 cut my hair? (No)  
Now, that's a cross I could never bear (How 'bout them  
publishing rights?)  
Sell my publishing? What a laugh! (Ha ha)  
I don't know Bo, but I do know math (I do know math)  
Back 2 Minneapolis, there U go  
U can't find your house underneath the snow

Cuz U're livin' in a big white mansion (Oh yes)  
At the top of the road  
U're wearin' the latest fashion  
Tryin' 2 be happy, don't U know? (Tryin' 2 be happy, happy)

Big white, big white mansion (Big white mansion)  
At the top of the road  
U and me wearin' Versace, Gucci (Latest fashion)  
Hoochies, they all wanna do me (Happy, don't U know?)  
But am I really happy?  
Big white mansion  
Yeah, maybe one day

```
("Yo, Anita!")  
("Yo, check out that ass!")
```
