Me and my girls were looking for the party
Sippin on Shirls, Cherry 7, no Bacardi
There's that new club in town (the Ass Palace)

Looked around crazy lights flash fog on the ground
The place was weird and it gets weirder still for real
On the Ceil, I couldnt tell but
Floatin there, a girl in some fake ass Gucci underwear
Naked, gold skin bare
Aint no joke (Did you toke?)
Nah I didnt smoke, she spoke, told us to take our pants off
I'm like Nope! Everyone was trance dancin with their hands up
I still had my pants up But then she go.
