

# I Hope I Sell A Lot Of Records At Christmastime

Princess Superstar

Ah yo Santa let's get something clear  
I'm half Jewish I shouldn't even be talkin about this time of year  
But I'm near tears tryin to fund my record label career  
While everyone drinks beer like they at Cheers  
Makin Nintendo bets  
on debts from bad rekkid deals for real I'm probably next  
I'm here sweatin my ass off, it's July  
But by the time this comes out I'll be behind my release schedule and  
Mariah Christmas will be sellin' out - why?  
I never did nothin bad to nobody  
I'm still friends with all my Ex's who stole money (Aw honey)  
Don't aw honey me Just give me the money please  
One of those cards with a pocket for cash  
A big stash or check to cash I'll snatch it  
before you realize you acted rash and come at me all mad  
I've been good, well pretty good, at least in my mind  
Please let me sell a lot of records at Christmastime

With a floppy Santa hat on the record store floor  
Want ace product placement listenin station so while I'm on vacation  
I got my face on Raisin Brans round the nation  
I'm impatient need my wax to sell by the cases  
Like Mase's in God's good graces I'll be gracious  
Just let me retire with his wages  
I'm not aimless I wanna be A-list  
Hang out with someone famous  
then my friends and I would all have someone to date us  
Like Tom Hanks, Billy Blanks, Shabba Ranks or any of the Franks-  
Stallone, Purdue, Avalon, or Delanor Roo  
Bill Gates too-(Ew) It's true, all I gotta do is sell through  
Go on tour then put out a live record real quick like Frampton or Badu  
I got a cold, it's gonna be Xmas soon and I'm getting old  
Hi Tower? Hi it's me again, how many units we sold?  
You mean we didn't go platinum or like gold?
