Priscilla Ahn

I saw you once before  
You came here looking for me  
Wait for me upon the shore  
I will meet you on the water

Wait for me oh wait for me  
Promise that you'll wait for me again

I know you're not alone  
Even though it feels so heavy

I'm here for you I'm here with you  
Promise that I'm here with you forever  
Forever

I love you love you  
I love you love me too, too  
Uh uh
