

Torch Song

Priscilla Ahn

Long ago, I thought I heard your name
I thought it was the same
As all the boys I made into men
But you were different then

You are the only one to know me
You are the only one to see
You were my one and only
The only one I ever learned to love

The ocean's waves could not steal my heart
They can't keep us apart
Soon ahead, I will watch you go
But I won't be alone

You are the only one to know me
You are the only one to care
You were my one and only
The only one I ever learned to love

You are the only one to know me
You are the only one who saw
You were my one and only
The only one I ever learned to love
The only one I ever wanna love
The only one I'm ever gonna love
