

## You And Me

Priscilla Ahn

Look in the sky see that its summer  
Everybody knows were never getting younger  
This could be the day that we try start  
Loving one another from the bottom a heart

So you say, you say you won't do it again  
How could I believe you'll be my friend  
When I know what you know that there's nothing to fear  
You and me together for the rest of our years

Look in your eyes I see you're a winner  
But no one really knows is we are beginners  
No matter who we are or where are from  
We just trying to do is improve what kinda of fun

So you say, you say you won't do it again  
How could I believe you'll be my friend  
And I know what you know that there's nothing to fear  
You and me together to share these tears

Nothing last forever but our love  
If we stood together we could be [?]

Shepard disguised we can do better  
Lets pretend we're floating light as a feather  
Summer here we come fall into the sun  
Cuddle up in winter spring we will be bigger

So you say, you say you won't do it again  
How could I believe [?] cause I know you're my friend  
And I know that you know that there's nothing to fear  
Our love will last forever I'll be right here  
Be right here  
Be right here
