## Armageddon

There was a full moon over Memphis National Guard outside thousands wait for Elvis Waitin' ever since he died for a miracle gonna happen His eminence to restore The sound of thunder crackin' Signals the beginning of the war to end all wars

[Chorus] Armageddon carry me home Armageddon carry me home

Jerry and Linda in the whitehouse President sleepin' in his shoes red phones ring in the blackout Ain't got time to lose you-boats off New England Enemy submarines from Boston to Miami On a red alert, you better scramble all the F-15's

[Chorus: x2]
