

Little Sister

Private Line

Just Ask yourself why the kids ain't allright
A 10 year old boy is surfing on your site
Dreams how he could do the birthday surprise
And learn to make himself the dynamite
He said: "We make no compromise!"

Hey Little Sister don't think twice
Blow your head into the paradise
Hey you sweetie give it a gun
You're not guilty of the damage done

A 12 year old girl unloved and so wild
No-one at home to tuck her in at night
Searching for care from the man so kind
Ends up in the shelter with the unborn child
She said: "Give us something to idolize!"

Hey Little Sister don't think twice
Blow your head into the paradise
Hey you sweetie give it a gun
You're not guilty of the damage done

We make no compromise
Give us something to idolize!
We make no compromise
Give us something to idolize!

Hey Little Sister don't think twice
Blow your head into the paradise
Hey you sweetie give it a gun
You're not guilty of the damage done

Hey Little Sister, Hey Little Sister give it a gun!
Hey Little Sister, Hey Little Sister
You're not guilty of the damage done!
