

## Switchblade Knife

Pro-Pain

Rise and shine, get out of bed  
And I'm a warmachine again  
Beat my meat a few times and  
I am feeling mean my friend  
Me, myself and I'm coming  
It's best to watch your back  
You are mine and I'm gunnin'  
I swear I'll beat you black

I'm gonna get you and leave you for dead  
And I'm gonna beat you with a blow to the head  
You'll never forget me for the rest of my life  
Cause I am gonna cut you like a switchblade knife

Feed the fire cause I'm waiting  
My fist will break your face  
Find your house and I'll take it and ransack the place  
Fear itself is still looking to shut you up for good  
It's your life and I'll take it  
I'd kill you if I could

Strange thoughts are going out of my brain  
Standing naked with a knife in the rain  
Got my fix, now I'm feeling alright  
New York's so pretty at this time of night
