

# Neighbour

Procol Harum

I got these thoughts keep stealing through my mind  
I can't be the one that's left behind  
No matter how much I try to catch him up  
He always seems to have a fuller cup

The envy nearly sends me to the brink  
Sometimes I get so crazy I can't think  
He keeps on buying better sets of wheels  
He don't have no idea just how I feel

He's my neighbour (We're the neighbours)  
But I'm a craver (He's a craver)  
After more  
He's my neighbour (He's my neighbour)  
And I wish he didn't have to live next door

I'm living in a semi, he's in a detached  
I wish his Jaguar would crash  
His wife makes mine look like a sorry sight  
I hear their wild loving through the night

He's my neighbour (I'm your neighbour)  
I'm a craver (He's a craver)  
After more (More)  
He's my neighbour (I'm your neighbour)  
But I wish he didn't have to live next door (Door...)

Voices of anger keep running through my head  
Rage that makes me see bright red  
His fence is of a much better quality  
The flowers in his garden laugh at me (ha-ha, ha-ha)

He's my neighbour (We're the neighbours)  
I'm a craver (Considerably richer than you)  
After more  
He's my neighbour (Do me a favour!)  
But I wish he didn't have to live next door (Door...)
