## **The VIP Room**

## **Procol Harum**

If I'm gonna die Wanna die in the VIP room Not out in the cold With the rest of the goons If I'm gonna choke Gotta be on a silver spoon If I'm gonna croak Gotta be on a velvet rope

If I'm eating pie I want the best silver plate I ain't gonna lie I want a big slice of the cake If we're drinking fine champagne Then I'm drinking a lake I've gotta be eating Off the fine silver plate

I wanna be shining Up there with the stars Gonna get me a sun tan An' some big fat cigars Gotta buy me some poon tang With real crazy jars I wanna be shining Up there with the stars

If I'm gonna die Wanna die in the VIP room Not out in the cold With the rest of the goons If I'm gonna choke Gotta be on a silver spoon If I'm gonna die I wanna die in the VIP room
