

# Avalon

Professor Green

Yeah

Yeah

It's time to even it up  
I guess a round table weren't equal enough  
You can't contain me with chains, I'm free and I run free  
Any enemy is coming with me when I'm done  
Whatever's asked of me I've performed  
I rid through the rain into the eye of the storm  
Still carrying the flame, I've the torch  
Failure comes at a price I can't afford  
Never been half-hearted, I put my all in  
Forfeited all just to answer my calling  
Wearing the scars of the wars that I fought in  
Should've been heading for the stars but I'm falling

I have your sword and cape  
If you need them, I'll be swimming in the lake  
Oh baby, don't look down  
Just take the crown  
We'll be kings forever, ooh  
Holding on together, ooh  
Feeling so much better, ooh  
When everything was wrong, and everything was gone, we ran to Avalon

Fought till I had no fight left, risked my death  
Walked with conviction in everyone of my steps  
My strengths water enough, to wash away any of the stains on my rep  
Yeah, I fought off vultures, when against odds when I was short on soldiers  
I asked not for my burden to be lightened but if I may have broader shoulder  
s  
So as I may carry the weight  
All the doubt I had in me has been allayed  
So from now till the day that I'm carried away  
I will never walk around what stands in my way  
Fuck if they ain't letting up, because neither will I  
When I die from the ashes an eagle will rise  
As long as my blade and my faith will keep me alive  
Fear ain't something that you'll see in my eyes

We'll be kings forever, ooh  
Holding on together, ooh  
Feeling so much better, ooh  
When everything was wrong, and everything was gone, we ran to Avalon  
We ran to Avalon

I left competition out for the count, no abacus  
Fought for the crown, thwart thy challengers  
When my massacre was ordained I remained  
And through pain forged my sword  
I left competition out for the count, no abacus  
Fought for the crown, thwart thy challengers  
When my massacre was ordained I remained  
And through pain forged my sword  
My Excalibur

We'll be kings forever, ooh

Holding on together, ooh  
Feeling so much better, ooh  
When everything was wrong, and everything was gone...  
We'll be kings forever, ooh  
Holding on together, ooh  
Feeling so much better, ooh  
When everything was wrong, and everything was gone, we ran to Avalon  
We ran to Avalon  
We ran to Avalon

You know it's been said that  
The damaged become dangerous because  
We know we can survive
