

# Dead Man's Shoes

Professor Green

I want me a Vegas girl  
I don't like the song but I'd love me a Vegas girl  
How do I have the audacity to say this?  
I'm a little bit of a sadist, girl  
I say this, I say that  
Whatever I say, I never take back  
I've got no respect  
Ask Dream Mclean and his enormous head  
I ain't got the heart to care  
Ask him how long he spends in the barbers' chair  
I wouldn't wanna be your barber  
Picture me on a sheep in a barber  
I'm Green like a frog and I ribbet  
No, I've not lost it, I'm just being silly  
Really need an ump and I'm going on millie  
I don't mean I'm going on Millie  
How much longer could he go?  
My mind can only be described as unhealthy  
No, I wasn't made in Chelsea  
I'm just living it up real tosh

I wear them dead man's shoes  
I wear them dead man's shoes  
I wear them dead man's shoes  
I wear them dead man's shoes

I've had an idea, who knows how  
We can raise the national IQ? I do  
Take every member of every reality TV show  
For a little trip on a ship and then sink the boat  
Thank God Millie quit the show, I'm unbiased  
It's simple, Millie would've been on the ship too  
A prick to anybody and everybody  
There ain't a woman alive that I wouldn't be a dick to  
But you came into my life  
And now everything's so sweet  
I found my perfect match in a woman  
Who gives more hugs than me, Millie  
Me and my bird are barmy  
Two peas in a pod, edamame  
Couldn't care less what the whole world thinks of me  
As long as the in-laws think I'm charming, darling

In a couple of years, I'll be speaking posh  
"He ain't hood anymore, he's a tot"  
Picture hearing me speaking in a posh accent  
Like "come hither now, clean my cock"?  
"What did you say, young man?"  
"Is this the way young people behave nowadays, young man?"  
That was when she hit me with her walking stick and said  
"That ought to teach you for talking shit"  
I don't even know who she was, this is what the weed does  
Millie, I'm gonna be with you forever  
Only till the day that we divorce and I get taken to the cleaners  
Probably for getting caught fondling the clean-er  
It's never gonna happen!  
She's 68!

She has had four children!  
It would be like throwing a hotdog down a hallway!

I wear them, I wear them  
Them dead man's shoes, I wear them  
I wear them, I wear them  
Them dead man's shoes, I wear them  
Dead man's shoes, I wear them  
Dead man's shoes, I wear them  
I wear them, I wear them  
Them dead man's shoes, I wear them
