

# Dead Mans Shoes

Professor Green

I want me a Vegas kilt,  
I don't like that song but I'd love me a Vegas kilt  
Hide and vibe, and that's the 80's  
I'm a little bit of a sadie's skill  
And I say this, I say that  
Whatever I say I never take back  
I got no respect  
I stream and clean on his enormous head  
I ain't got a heart to care  
Asking my young niece spend to spend in aa barber chair  
I wouldn't wanna be your barber  
Picture me on a sheet and a barber  
I'm green like a frogger and I ribbit  
No I don't lost it, I'm just being silly  
Really need to go, but I'm going on millie  
I don't mean I'm going on millie  
How much lower can you go?  
My mind could only be described as unhealthy  
Know I was a made I Chelsea  
I'm just living here in all with the talk

I wear them dead man shoes  
I wear them dead man shoes  
I wear them dead man shoes  
I wear them dead man shoes  
If you're gonna be the death to me  
I wear them, I wear them

I've had an idea, who knows that we can raise a national iq I do  
Think every member of every really, TV show  
For every on you make shit and they've seen the boat  
Then got nearly quit the show  
I'm on batch the simple, really with the venom and shit too  
I pit to anybody and everybody  
There ain't a woman alive that I wouldn't give dick to  
But you came into my life and now everything's so sweet  
I found my perfect match in a woman who gives more hugs than me, Milly  
Me and my bird above me, 2 peas in a pod at the mammy  
Couldn't care less what the whole world thinks

wear them dead man shoes  
I wear them dead man shoes  
I wear them dead man shoes  
I wear them dead man shoes  
If you're gonna be the death to me  
I wear them, I wear them

In a couple of years I'll be speaking porch  
He ain't, but daddy more is easy to talk  
Picture hand me speaking in the porch accent  
Like come hit her now, clean my cup  
What did you say young man?  
Is this the way young people talk nowadays, young man?  
That was when she gave me with the walk is there  
Cuz she said not to teach you for talking shit  
I don't even know who she was this is what the weed does  
Merely younger than we really when you arrive

Arming through the day the weed to get force and I can take them to the cleaner

Probably for getting caught fondling the game

It's never gonna happen, she's 68, she has had 4 children

wear them dead man shoes

I wear them dead man shoes

I wear them dead man shoes

I wear them dead man shoes

If you're gonna be the death to me

I wear them, I wear them

I wear them, I wear them

They're dead man's shoes, I wear them

I wear them, I wear them

They're dead man's shoes, I wear them
