

# In The Shadow Of The Sun

Professor Green

They say that life is always easier  
After you let yourself come undone  
They say they'll give you whatever you want  
And they'll be waiting in the shadow of the sun  
And I'll be waiting in the shadow of the sun  
Seizing time where no one's been before  
Close the curtains, what you waiting for?  
And I'll be keeping secrets  
Till I'm in the ground

Keep your past your own, I don't care about before  
I don't wanna know your secrets, I wanna help you keep yours  
No one needs to, no one'll ever know what we do  
Where we go, why don't we go to a place where only we know?  
Where we escape from real life and it feels good and it feels nice  
That we ain't yet but we still might  
Cause we go with it if it feels right  
And it feels... feels amazing  
We ain't ready to see the day

And I'll be waiting in the shadow of the sun  
Seizing time where no one's been before  
Close the curtains, what you waiting for?  
And I'll be keeping secrets  
And I'll be waiting in the shadow of the sun  
Seizing time where no one's been before  
Close the curtains, what you waiting for?  
And I'll be keeping secrets  
Till I'm in the ground

Let go of fear  
This can be a secret that we both keep, that we both share  
Hidden behind the smiles we both wear  
As the sun creeps through the curtains  
On the walls we become two silhouettes  
As we close our eyes  
Let go of the lies that fill our heads  
Let's light it up, live life in the moment  
Why would we worry about where we might end up?  
They can't see us, they can't judge us, it's just us  
They might wonder but only know where we go when the sun comes up

I'm in the shadow of, the shadow of the the sun  
Where I belong, girl, there's something coming on  
I'm in the shadow of, the shadow of the the sun  
Oh, and I need you

Chasing it, chasing it  
I don't know what I'm chasing is  
All I know is I've been craving it  
Ever since I had a taste of it  
Life is what you make of it  
We're just here writing our own books  
This is just a page of it  
Before you wave your fingers at us  
You better make sure your hands are clean  
We all obey, our hands are tied

And I don't wanna have to leave  
I don't wanna say goodbye  
They say life is always easier when you come undone  
When I go, you'll know where I've gone
