She got a bubble gum cap with a Gucci dats snappin'  
With some rhino legs and a booty that's flappin'  
With some fire-oh head cuz you know we love cappin'  
Got her toes done up with her fingernails matchin'  
Here dat big ol' butt that you're walkin cross the street with  
Peep this, for a happy meal can I squeeze it  
Till it go pop, make the juice start to runnin' out  
Greasy lips, thick like a moose what I'm talkin 'bout  
Them freaky freaks I heard on the loose, let ya pockets out  
Got trick niggaz watchin' your caboose with they wallets out  
You should stop, lil' somethin' somethin' bad to the bone  
That ain't a monkey hangin' off ya back that's Donkey Kong

How you gon' prance around with all that, sayin' you ain't all that  
Everybody at ya wanna hit ya like a ball bat  
That thang make ya look back, be like man who is that  
You can see a hiny on a hiny I'm pursuin' that  
A dirty south hoody rat tryin' to hold goodies back  
Waist like a wasp, butt cheeks pokin' really fat  
I'm Crown Vic old school, squeezin' on her boo-boo  
Hugged up, pokin' in her brains so what ya wanna do  
Nice tats on ya body, liquor comin' out ya pores  
Weed stench ya ain't right, G-string for some drawers  
You can call me Mr. Whipple, I won't do no harmin'  
Never to the Charmin, come holla at me woman

Im a P-I-M-P with diamonds all in my teeth  
I step in the light man, my mouth be shiny  
A ghetto star in the street, the shoppin' and cuttin' the ki's  
They all wanna get with me, these girls be beggin' please  
They call me the Juice Man, I love a striptease  
A girl with a lot of ass, that's down to hit her knees

Yeah, I beat that thang like it stole somethin' never let her hold somethin'

Put the staff in her mouth, claimin' that she owe somethin'  
Show 'em somethin' mean on the scene  
When I first seen them jeans, teamed with that booty it's a dream team  
Make me go-go, up and down like a yo-yo  
But I had to pop her blue  
Cuz I'm on that Tonio Montana

Goog google moogly, that thang is juicy
