

## Nigga Got Popped

Project Pat

This nigga got popped, this nigga got drowned  
This nigga got found on the other side of town  
Wit' a whole lotta bullets in his head, in his head  
Wit' a whole lotta bullets in his head, in his head  
This nigga got popped, this nigga got drowned  
This nigga got found on the other side of town  
Wit' a whole lotta bullets in his head, in his head  
Wit' a whole lotta bullets in his head, in his head

It was New Year's Eve, I was kickin' it wit' Gangsta  
Fred, outta North Memphis on another ca-per  
Fresh like the D mayne look like we on ki's  
Eyes like a Chinese, we was on some trees  
P's and our Q's, what us true's, niggaz be's, on  
Really from the hood, know a jackin' can happ-on  
Ain't, no surprise when them pistols get to poppin' off  
Ain't, no surprise when them choppers get to choppin' off  
Could be alive once the drama get to hoppin' off  
Whip ya up like cream then mayne, blow ya toppin' off  
Made a left on Chelsea Ave, pulled in to Russell sto'  
See my nigga Boo, conin', on his hustle flow

My nigga said, he got robbed, young skulls, pulled a jack  
Say he had twelve rocks, and was low, on his cash  
Had a case pendin', so that took, all his stash  
Said he might, have to gon', pull, out the gun and mask  
Ask "where I get the tools?" Eyes lookin' kinda shady  
Smelled liquor on his breath, then he upped, a .380  
Tone to my dome, life flashin', 'cross my eyeballs  
Grabbed for the gun, right before he let a round off  
Fred dropped the beer, of the nine comin' out the sto'  
Shot him in the side, then the fool let the pistol go  
Leakin' like a faucet he done ran off in the night  
For this nigga's death, I was fiendin' like a hype

It's been seven days, we done caught up wit' the punk  
In the very same spot, duct taped him in the trunk  
In a Grand Marquis, stolen, rental car  
Headed 55-South, then we exit on lamar  
Sucker tried to resist, wanna squash it, nigga please  
Me and Fred threw him in the trunk, bullets in his knees  
I could squeeze, mercy in, but it's, principalities  
Maybe mama can forgive but you did this to me  
Mayne these streets, it can get, real wicked in the south  
Nigga tried to take me out, now my .40's in his mouth  
Blew the back, out his skull, where it dropped, where he lay  
South memphis police found his body very next day
