Red Rum

A 44 bullet shell took my niggas life  
Triggas pulled by some young niggas on that white  
He used to fuck with them boys on the weed tip  
They found my nigga dead face down in a ditch  
I saw the shit on the news just the other day  
I ain't for singing no blues, I'ma make 'em pay  
I know them bitches they be hangin' at the Shake Junt  
I catch 'em slippin comin' out and commence to pump  
Been led leave 'em dead on the fuckin scene  
Ballin out and the steam'll make the getaway clean  
I made a block then I switched to the other ride  
I'm still in shock cuz I just did a homicide  
I executed me some punks that deserved it  
They had a warrant for they death so I served it  
I gave them tricks a little dose of they medicine  
I bet them hoes man'll never try that shit again

(Red Rum) Most of yall  
Wanna see some blood spillin anyway  
(Red Rum) Bodies fall  
Niggas dyin' young on this everyday  
(Red Rum) Nigga race  
When it been yo' time for you to clock out  
(Red Rum) Had a face  
But you should not had your fuckin guard down

In the street niggas die  
They got fired cuz they tried  
Test the game of the man  
Who's committing homicides  
Suicide  
Would be better for you fools  
But I'll be damned if I don't  
Help you out  
Like the ??  
I can and I'm willing  
To proceed with a killing  
Stick a gauge up ya anus  
Do a crime make it haneous  
Amos anger to my chamber  
Let a slug through that toe  
Cuz I'm on a body stalk  
Puttin suckers in the chalk  
Walk the walk  
Get ya game  
Guns click it's whatever nigga  
I ain't brought shit  
So you know whatever's clever nigga  
Trigga happy nappy headed  
?? peels off  
Motherfuckers caps when I roll with the shotgun  
Project pop one

Of you niggas tryin to steal my shit  
Fuck with me and mine  
And I swear it's a murder bitch  
Yeah I see you niggas mean muggin' on them porches
