Up that unit in his face, you know what this is
It's how a nigga eat, how a nigga pay the bills
Up that unit in his face, ain't nobody safe
You know what this is, nigga point me to the safe

I'm goin on a robbin spree, me and that thumper
I'm 38, but it's bout to the a bloody summer
A lot of crime mobbers, a lot of black hearses
Killin niggas on these tracks and I ain't talkin verses
A gun and a mask, I'll get anything I want
I'll bust yo ass for that cash so nigga don't think I won't
So nigga don't try to play me like no X-Box
You be pushin up daisies in a pan box

Up that unit in his face, you know what this is

Up that unit in his face, ain't nobody safe
You know what this is, nigga point me to the safe

You know what this is, nigga
You know what this is, nigga

You know what this is, nigga on them pills
Swing that burner like a bat, plenty busted limbs
Nigga gotta live, you suckas better give
A bullet in yo skull, I ain't thinkin bout no years
A choppa gets it done, I know you got goons
AK 40 like some faries, airin up the room
Bullets in yo legs, slugs in yo face
Your thoughts and yo memories gon be all over the place
Gas in my lungs, junk is round this rung
Old ladies peepin out the window bout to pull the alarm
So nigga let's make this quick
Them people ride down on me
A simple robbery gon turn into a murder G
