

And Then There Will Be A Light

Project Pitchfork

Clean up your understandings
And open your gate
Do it now - or it could be too late
'cause the world you live in
Is bigger than you
Choose one of these doors
And break on through
All the things we do
All the things we say
What we think
And what we pray
Could it be true
Could it be lies
Just get up
And think about it twice
Break on through
To this side
Where all colors are red
Nothing to be fight
Nothing to fear
This is the better way
So throw all mean
Thoughts away
Take it as it comes
Get used to it
Don't lose your patience
Try a little bit
If you find
L O V E
So get it and
Stay in purity
All the things we do
All the things we say
What we think
And what we pray
Could it be true
Could it be lies
Just get up
And think about it twice
The things we get
And things we live
Keep your mind free
On the way you live
It could be right
It could be wrong
Never stop
If the way seems too long
Never stop - never stop
