

## Entity

## Project Pitchfork

Here I come  
to increase my power  
here I come  
to increase my control  
I make you think  
there is a devil  
but it's in you  
it's your malice  
I love your hate  
your hate lets me grow  
I'm your tool  
and your my toy  
and your my fool  
you conjure me  
you think you rule over me  
well that's my intention  
you can't escape the invisible  
you call me demon  
I'm an angel  
give me your blood  
I'm your servant  
while you're enjoying the might  
the bonds are getting tighter  
in coming lives you'll pay the price
