

Defendant - judge - cell - guardian - key
All in one person

Feel love
And fall into the sky
You'll be caught - dive into your soul

But you locked yourself again
Like every time - in every life
Remember yourself
I'm just passing by to tell
You might be chained

Heaven is waiting
Time has been given

Defendant - all is you
Judge - you can be part of all again
Cell - guardian - key
All in one person
But you locked yourself again
Like every time - in every life
Remember yourself
I'm just passing by to tell
You might be chained

A seeker surrounded by darkness
Is still searching
