Project Pitchfork

Sitting on the beach
Looking at the night sky
I've seen the news today
Where will it finally end
Do I really have to follow
Follow them on their self-destructive path

There is a compulsion
That makes me do things
I don't want to do
And this conflict
With its contradictory poles
Rules my life

Back and forth
Right and wrong
Forced to something
Far too long
Break out
Back and forth
Right and wrong
Far too long

A moon of the 5th As a symbol for human kind Glowing by the presence of two The wonder of love reduced To a function of hormones The wonder of life reduced To a reaction of instincts The wonder of belief misused For power for power The blindness of both As an answer to the Separation of one Science in its contempt Religion in its selfishness The origin of both Neglected by both

Back and forth
Right and wrong
Forced to something
Far too long
Break out
Back and forth
Right and wrong
Far too long

Why should someone who sees Follow the blind ones
